## ID Cards

In conjunction with legislation to make picture ID cards available to NCNY Conference clergy, the Conference Sessions Team has arranged for Moore Multimedia to take pictures of our clergy members at this year's Annual Conference.

These pictures will be used to create the ID cards, as well as to provide a pictorial directory to our incoming Bishop in September. Therefore, full participation is requested!

Specific times will not be scheduled, however announcements will be made throughout the session regarding times when the PIX Place will be open. There is no charge for the sitting. There is a \$10 charge for ordering a picture ID. The cards will be available prior to August 1 and can be ordered via the Conference registration form. After registration closes, other methods of ordering ID cards will be forthcoming.
